Greenish ice, like in HTTYD with the Bewilderbeasts? Leafwing/Sandwing hybrids with names/features after african or australian trees? And Nightwings with teardrop scales insisting on dying similarly-palced scales silver, as to acheive a sort of reverse-Egyptian-kohl look. Flower constantly does the kohl thing, and dresses herself in fabrics of pale gold and white, with gold, black, and blue accesories. Because I imagine Sandwing-kingdom scavenger culture to be something like Egypt. Which means papyrus scrolls, and HIEROGLYPHICS!

...In fall Leafwings turn red/orange/yellow/more brown, and Hivewings/Silkwings either hibernate, or just get really sluggish and sleepy.
